HIGH GLOSS & SUPER MATTE DOOR FINISH

High Gloss & Super Matte Door Finish

Solid, Stone and Wood finishes can be used to create any style or trend. Characterized with an outstanding visual mirror and depth effect. High Gloss & Super Matte is astonishing warm, soft and natural feeling.

Texture Door Finish

The advanced texture is the result of sophisticated research and development activities, as well as an artisan and industrial vision that focuses on both details and technological changes. Refinement with a natural feel, the Textured Finish is a reinterpretation of wood.

Why Adornus?

We are driven to achieve perfection by our passion. At Adornus we believe that our people hold the key to our success, so we constantly pour into training, team-building, and support them like family. We have a passion for our plant, and constantly invest in state of the art equipment, elevated safety standards, and pride ourselves in our minimum waste philosophies. And when our people and our plant come together, our truest passion comes to life. Our product. We believe so deeply in the quality of our product, we offer one of the best warranties in the industry, and we stand behind it.

We are masters of innovation. Our main production facility in Lancaster, South Carolina was designed to handle all aspects of manufacturing, without the need to outsource key components. Unlike most cabinetry producers, we make all of our own doors, we machine all of our own box components, and handle all of our finishing under one roof. This vertical integration is what allows us to critically respond to immediate demands, and allows us to maintain quality control every step of the way.

Every cabinet made in our South Carolina factory is built using only high quality sourced materials, industry leading machinery and highly skilled craftsmen, so we can meet the highest standards in the industry; yours.
